A picturesque beachfront oasis dotted by swaying trees await guests after a scenic drive from the city. Sprawling gardens lead to Kandaya's main building which houses 18 contemporary-styled rooms and suites that overlook the resort's iconic infinity pool. One will be hard pressed to tell where the Visayas Sea ends and the horizon begins with the spectacular, panoramic views along the 7.5 hectare property. A leisurely walk further into the resort will reveal 22 secluded garden, beach and ocean villas, some with their own private pools.
